We do not tolerate discrimination in any form and are proactive in our programme, policies and behaviours to address inequalities locally, nationally and internationally. We recognise that economic, social and cultural disadvantage is complex and intersectional and shape our activity accordingly. Diversity and equality are crucial to the arts because they release the true potential of our nation's artistic talent – from every background. At YSP, we support Arts Council England's mission – great art and culture for everyone. We share ACE's commitment to promote and embed diversity in our workforce and cultural programme.
